

THE PROPERTY MUSKETEERS GROUP

THE BENEFITS OF MEMBERSHIP

Strength in numbers

The main benefit to being a member of PMG is the opportunity to *leverage the resources, knowledge and skills of group members* as well as their contacts and associations.

Property meetings

PMG will convene at least 4 property meetings a year. At such meetings the emphasis will be on providing members with valuable information on property strategies, trends, projects and opportunities. **On occasions, guest speakers or service providers will be invited to meetings.**

Meet-ups

Members will have the opportunity to **meet up with other members** as and when appropriate – such as when they are working together on a property, project, venture or plan.

Networking

Members will have the opportunity to engage and network with each other for mutual financial or business benefit. **Members will be encouraged or facilitated to share deals, employment, gigs, contracts and opportunities in general** with other members.

Newsletters

A newsletter will be emailed to members once a month. **A key purpose of newsletters is to keep members abreast of changes in the laws or regulations affecting property investors.**

Information products

Members will be sent each month:

- A bulletin covering a property opportunity, benefit or advantage
- A bulletin covering a property threat, challenge or issue
- At least one bulletin providing news or updates on the activities or achievements of members (in the case of members who agree to their activities or achievements being made public)
- At least one blog specially written for members
- A useful property checklist or crib sheet

Members website

The group has been allocated its own section on the website of Rebel Property Coach Dalton Barrett under the tab “MUSKETEERS”. The section will be a noticeboard and meeting place for members. The website can be found at www.rebelpropertycoach.com/the-property-musketeers-group
